Impact-ai-thon

#### About our event,

**Impact-ai-thon**, a national level software hackathon which is conducted by Department of **Artificial Intelligence** and **Data Science**, St. Joseph's College of Engineering. We are planning to conduct this hackathon on last week of February by shortlisting 75 teams out of fully registered teams. There are major five tracks in this hackathon which mainly focus on major five theme, which is **Sports Analytics & Fitness, GIS & Agri Tech, EdTech & MedTech, Market & Finance, Judiciary & Legal**. Each track/theme has 5 problem statements, and we can also customize the problem statements to the sponsoring companies accord. We are planning to keep a total of minimum amount of **Rs. 1.5 Lakh** as prize pool for overall themes/tracks, and with all the expenditure for this hackathon will be around **Rs. 2 Lakhs**.

#### About our Club,

Data Analytical Club is a vibrant and collaborative community created for our college students who are passionate about understanding, exploring, and applying data. Our club brings together curious minds who believe that data is more than numbers, it is a powerful tool for solving problems, driving decisions, and shaping the future. We aim to create a space where anyone, regardless of experience level, can learn, grow, and gain confidence in working with data.
